**Statement from the Royal Thai Government for the Nomination of the Re-Election for the Governing Council of APCICT**

The Royal Thai Government seeks your kind support for Thailand's re-election to the Governing Council of the Asian and Pacific Training Centre for Information and Communication Technology for Development (APCICT).

In the Asia-Pacific region, ICT and digital technologies are key drivers of socio-economic growth. To unlock their full potential, we must strengthen digital skills, promote online safety, and ensure inclusivity. Thailand is committed to reinforcing APCICT's role as a leading digital capacity-building partner.

Our vision is to strengthen partnership with APCICT to empower people through digital transformation by:

- **Expanding digital literacy and skills** to unlock education, career, and economic opportunities across the region.

- **Empowering women and girls in ICT** to close the gender gap and foster a more inclusive digital economy.

- **Enhancing online safety and fraud prevention** through education on cyber threats, scams, and digital risks.

- **Advancing AI and emerging technology training** to position APCICT at the forefront of digital transformation and innovation.

- **Pooling human resources and IT expertise across the Asia-Pacific** to drive innovation, collaboration, and sustainable digital development.

Thailand remains committed to active engagement with APCICT, sharing best practices and innovative policies to strengthen regional collaboration.

With APCICT's initiatives and our collective efforts, we can ensure that digital transformation uplifts all communities, creating a more secure, inclusive, and innovative Asia-Pacific region.
