

Virtual Event 15-18 June 2020

2020 Asia-Pacific Statistics Week

Leaving no one and nowhere behind

United Nations ESCAP Statistics Division is hosting the **2020 Asia-Pacific Statistics Week from 15-18 June.**

All are welcome - economic statisticians, demographers, social statisticians, big data users, managers, policy makers - anyone with an interest in statistics and their use.

Building on the highly successful [Asia-Pacific Economic Statistics \(APES\) Week](#), this is the **first event of its kind** and an opportunity for all to participate.

A decade of action for the 2030 Agenda: *Statistics that leave no one and nowhere behind* is the theme setting the tone for 2020 Asia-Pacific Statistics Week.

We will explore progress towards a [Collective Vision and Framework for Action](#) - endorsed by the ESCAP Committee on Statistics in 2016 - empowering national statistical systems to meet urgent and evolving statistical needs.

85 papers
by **163 authors**

Representing

18 countries

and **8 international organizations**
