- Any type of data exchanged impacting positively cross-border trade facilitation
- G2G-B2G-B2B

The screenshot shows the website for the Cross-Border Paperless Trade Database. At the top, there is a navigation bar with the following links: Home, Legal Instrument, Implementation Instrument, Projects & Services, Submit a Project, and References. Below the navigation bar is a large map of the world with blue lines connecting various countries, representing trade flows. The text "CROSS-BORDER PAPERLESS TRADE DATABASE" is prominently displayed in the center of the map, with the tagline "Accelerating progress towards trade digitalization through knowledge sharing" below it. A "More" button is visible on the map. Below the map, there is a section titled "Latest Projects" which lists three projects:

Project Name	Status
Cross Border CO Exchange between Singapore and Belgium	Pilot
Singapore's Electronic Origin Data Exchange System (EODES) with China	Operating
Customs information exchange via ASEAN single window	Operating
