

Good Practices Database - Action Filter

How to Use: In order to find the most appropriate action items for your associated good practice first select the Thematic Area, Sub Theme and Action Area which relates to your good practice using the dropdown box by clicking on the arrow to the right. Once all three have been selected the Corresponding Actions will change in the box below. Please read each action description and select the action descriptions which is most related and relevant to your good practice. Then use the Associated Action Number to fill out the corresponding section in the survey form.

Please Note: You are able to repeat the process as many times as you like and select as many action numbers as are appropriate for your good practice.
Please use only the Action Numbers when filling out the online form and separate each action number by a comma.
