**Data Gaps**

but progress remains significant
Goal 12
Regression in Responsible Consumption and Production
Post-VNR Actions for adjustment and improvement to support sustainable agenda

- Harmonisation of Brunei National Vision, Wawasan Brunei 2035 and SDG
- Upgrade data capacity through National Strategy for the Development of Statistics
- Inclusive and equitable quality education and training, decent jobs, better services and enabling ecosystem
- Moving towards Net-Zero carbon emissions by 2050
- Enhance progress in Goal 12 (Responsible Consumption and Production)
- Implementing energy transition pathways towards clean and low-carbon energy
Fundamentals
drawn from our experience

01 VNR Process
Providing tools and mechanisms

02 Resources Mobilisation
Collaboration and Partnership
