Virtual Event 15-18 June 2020

2020 Asia-Pacific Statistics Week

Leaving no one and nowhere behind

Integrated statistics means being efficient without compromising on quality

Data from
different
sources

Data integration can take many forms and will ultimately:

reduce the respondent burden

increase data availability

reduce duplication of data collection

improve data quality and timeliness

Statistics
produced,
analysed and
disseminated

Policies
formulated

Satisfied people
