

United Nations Conference Centre, Bangkok

### Item 3 (a) Cambodia

Cambodia, NIS is decentralize system  
+ statistical law 2005

- Strong commitment to strengthen our own  
National statistical systems (NSS)

- Now, statistical law is under the  
progress of revising, submitted to  
CoM, then meeting → pass parliament

- NSS has developed and updated with  
assistant & support of Paris 21,

- we conducted the seminar to review  
yearly action plan 2015-2016

- Started peer-review at NIS/MoP for  
established BRS

Improvement of Eco-st-  
BRS

• Statistical law there is no  
exception to be strengthened &  
revising in every 10 years in order  
to avoid of refusal during the  
data collection stage.

• NSS → JMI

3 (a) Cambodia (cont'd)

↳ Agriculture & Environment  
statistics is also part of the  
Eco statistics

— Challenging with trade statistics  
& trade in services.
