

4 "Get Every One in the Picture": Progress in strengthening civil registration and vital statistics in Asia and the Pacific

E/ESCAP/CST(4)/4

Abdullah Rahman - Head of Department of Statistics, Malaysia
Malaysia support the Technical Group for CRVS.

Thank you Mr /Madame honorable chair and distinguished delegates, Ladies and Gentlemen.

1. Over the past few decades, Malaysia has implemented Civil Registration And Vital Statistics System (CRVS) whereby our National Statistical Office produce reliable vital statistics for births and deaths using the data obtained from the civil registration system. *Still have a issues on death registration on "illegal migrants"*
2. Malaysia is currently looking forward to improve our CRVS systems by the establishment of National CRVS Committee as per recommended in the Regional Action Framework on CRVS which was endorsed by the Ministerial Conference on Civil Registration And Vital Statistics in Asia and the Pacific, held in Bangkok from 24 to 28 November 2014.
3. To ensure that our national statistical office play a key role for the improvements of CRVS, the Department potentially provide technical expertise and guidance to other stakeholders, contribute to the designing of national improvement plans and become members of the national coordination committees as well as monitoring the performance and coverage of the CRVS systems.
4. Our national statistical office will also integrate the national statistical development plans with the implementation of the Regional Action Framework (RAF), by achieving statistics targets and objectives in accordance to that framework.
5. The needs for the Committee to consistently give technical supports and guidance in order to improve our CRVS system are very crucial and highly appreciated.

Thank you Mr/Madame Chair. [Thank you for your attention].
