

Agenda Item 4
Cambodia

express and support for
hard work and

United Nations Conference Centre, Bangkok

- I'd like to take an opportunity here to thank the FAO supported Agriculture census 2014/15 in Cambodia

- Agriculture census is the first time conducted in Cambodia

- We understand that Agriculture of statistic is very crucial ~~and~~ not only for Cambodia but on the whole society and important for ensuring the food security.

- I'm very appreciate and sincerely thank to FAO for selecting Cambodia as selected country to improve Agriculture and Rural Statistics

- As you may have already known that Cambodia is still lack of skills full persons for this field. ~~we~~ within the SPARS project, hopefully

We will be able to enhance the Agriculture, Rural statistics as well as improvement national statistics systems. Govt policy set up strategy ~~for~~ exports of rice to a broad 1M/ton, so far, in the implementation we've good collaboration and coordination with ~~some~~ all of stakeholder eg. Ministry of Agriculture, Fishery and Forest, ~~and~~ including experts. Finally, I strongly support to the Global strategy to improve Agriculture and rural statistics.
